RE: ADDENDUM NO. 2 TO REQUEST FOR
PROPOSALS (RFP) PACKAGE:
Seldovia Airport Improvements Design
Services
RFP # 25232026

EMAIL TO: All RFP recipients on record.

The RFP Package is hereby clarified or changed as follows:

1. The proposal due date is not changed.

2. Question & Answer

Q) Understanding there wasn't lighting at Seldovia, we assumed the electrical engineer was included to address relocating overhead utilities underground at taxilane/access road intersection, as laid out in Exhibit B-2.... Would this still not be required?

A) Utility relocations, when needed, are usually designed by the owning utility (or the utility's design consultant) through an agreement with that utility. Relocating the overhead line is not anticipated to be part of the scope of services for this contract.

3. Reference Request for Proposals, Appendix B, Proposed Statement of Services, Exhibit B-2, Project Scope, add the following to the end of item (5): "By Others."

All other terms and conditions remain the same.

END OF ADDENDUM

We appreciate your participation in this solicitation.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kathleen Bridenbaugh".

Kathleen Bridenbaugh
